National Webinar
on
Engaging Learners Online: The why and how of learning

Dr. Vandana Lunyal
Director

Online learning has become a necessity and keeping the learners usefully engaged is a challenge for a teacher teaching from a remote location. In the twenty first century, the importance of sustained learner-engagement is being greatly felt because it facilitates meaningful learning outcomes and learner - participation. The webinar focuses on different components of learner-engagement and its barriers and how aligning strategies of learning design effectively in the learning environment helps to overcome these barriers.

Dr. Kalyan Chattopadhyay
Resource Person

Dr. Kalyan likes to introduce himself as a results-oriented UK trained English language specialist, and learning technologist with over 20 years of experience in public and private education sectors globally. He has a proven track record in writing materials for course books, and conducting international ELT research projects, framing and delivering teacher-training projects adding value and innovation
